

MEMORANDUM

TO: ALL PARTIES OF RECORD

FROM: C. JO ANNE WESSINGER HILL 

SUBJECT: DOCKET NO. 2019-290-WS

DATE: MARCH 27, 2020 AT 1:02 P.M.

CC: JOCELYN BOYD, EXECUTIVE DIRECTOR

This afternoon (Friday March 27, 2020 at approximately 1:02 p.m.), I received a telephone call forwarded from the Commission's receptionist which was from attorney S. Jahue Moore, Esquire, who represents the Town of Irmo in the Docket No. 2019-290-WS ("Blue Granite Docket" or "Docket").

He was immediately advised upon stating his name that I, as Commission Staff, could not comment on any substantive matter related to the Blue Granite Docket or any pending matter in accordance with the *ex parte* provisions governing the Commission (i.e., §58-3-260, etc.). Mr. Moore thanked me and wanted to know the procedural status of the case and the publicly available information found on the Commission's Docketing Management System (DMS) on whether a decision had been made. Mr. Moore was directed to check the DMS for Docket No. 2019-290-WS and told that all information on the status of the case, as well as any information on any action taken by the Commission the Commission to date.

In accordance with S.C. Section 58-3-260(C)(1), (2), (3), (5)(a) & (5)(b), Mr. Moore's question appears to be exempt under the law. While Commission policy requires documentation, I am providing this memorandum to be filed in the Docket and served upon all parties in accordance with state law and the procedures adopted by the Commission. I further affirm and attest that nothing other was discussed that outlined above and that nothing of substance was discussed between myself and Mr. Moore. Mr. Moore and I immediately ended the call without further discussion.
